

- ① Can you make the figure more like the black drawing?
- ② Can you move the flag to where the 'x's are drawn, maybe you have to move the figure a bit to the left.
- ③ The end of the left leg, the right leg and the end of the flag have to be on the same horizontal line

④ The flag and the right arm are still connected. Can you leave a small bit of room between them?

⑤ The head is too small now; can it be a bit bigger, like the drawing?

ENJOY. IMPROVE. AMAZE!

⑥ the color is still not what I'm searching for. Can you use 'super red' and 'navy blue' from the colour chart?
